THE BMW 3 SERIES GRAN TURISMO.

MODEL SHOWN.

04 BMW 3 SERIES GRAN TURISMO 340i M SPORT PACKAGE:
BMW TwinPower Turbo in-line six-cylinder petrol engine, 240kW (326hp), 19" light alloy wheels Double-spoke style 598 M with mixed tyres, Estoril Blue metallic exterior colour, seats in Black Dakota leather with contrast stitching in Blue, Aluminium Hexagon interior trim with matt Blue highlight.

INNOVATION AND TECHNOLOGY.

18 BMW TWIN POWER TURBO ENGINES:
At the heart of BMW EfficientDynamics.

20 BMW EFFICIENT DYNAMICS:
Maximum driving pleasure, minimum fuel consumption.

22 BMW CONNECTED DRIVE:
Services & Apps and driver assistance systems.

24 CHASSIS:
Innovative systems for more driving pleasure.

26 SAFETY:
State-of-the-art technology.

INDIVIDUALITY AND CHOICE.

30 EQUIPMENT:
BMW models, equipment highlights, wheels and tyres as well as Original BMW Accessories.

44 COLOURS:
Exterior and interior colour schemes.

48 TECHNICAL DATA:
Vehicle weight, engine, transmission, driving performance, consumption, wheels and technical drawings.

50 BMW SERVICES:
BMW Service, BMW Financial Services and BMW Experience.

Further information on fuel consumption and CO2 emissions can be found on pages 48–49 or consult your BMW partner.

powered by BMW
The perfect interplay of size and sportiness: functional versatility and pure dynamics flow into one in the new BMW 3 Series Gran Turismo. It’s a complete picture which, above all, seamlessly unites coupé-like design with the highest levels of comfort. The new BMW 3 Series Gran Turismo – fascination in space and form.
Striking lines, muscular surfaces and LED rear lights in the classic L-shape – the rear profile of the new BMW 3 Series Gran Turismo is the embodiment of finely-tuned athleticism. The side view also plays its part: frameless doors and the roofline, gently sloping to the rear, are accentuated by double swage lines moving across the silhouette in a dynamic flourish to the front. This is truly forward-looking dynamism – on all sides.
The optional Adaptive LED Headlights for the new BMW 3 Series Gran Turismo give the best possible view to the front. A perspective that also means safety. The headlights are a striking presence in themselves. Sited next to the classic BMW kidney grille, they don’t just reinforce the sporting looks of the front profile. Their visual integration with the grille also accentuates the resolute look of the vehicle on the road. Focused driving pleasure – in the new BMW 3 Series GT.

TRUST YOUR EYES.
AND YOUR CAR’S.
LOTS OF ROOM FOR DYNAMIC MANOEUVRE.

And efficiency. Intelligent technologies such as the BMW TwinPower Turbo engines allow the new BMW 3 Series Gran Turismo to increase dynamics to the maximum while reducing fuel consumption to a minimum. And there's always room for manoeuvre. With the Adaptive Suspension, any drive can be made more sporty, while the Active Rear Spoiler ensures even better road-holding. Efficient, aerodynamic – the new BMW 3 Series Gran Turismo.
COMFORT THAT TOPS EVERYTHING. EXCEPT DRIVING PLEASURE.

When you enter the new BMW 3 Series Gran Turismo, you are greeted with the highest comfort: the raised seating position and the generously designed interior allow remarkable freedom of movement, even during the drive. Personalised infotainment is another high point, thanks to the wealth of BMW ConnectedDrive1 services and cutting-edge navigation systems. All this, combined with special touches such as optional ambient lighting and high-quality chrome detailing in the centre console, makes the idea of perfect travel a reality in the new BMW 3 Series Gran Turismo.

1 Standard for 325d, 330d, 330d xDrive, 335d xDrive, 330i, 330i xDrive, 340i, 340i xDrive.
The flexible luggage compartment concept in the new BMW 3 Series Gran Turismo is always ready to meet your needs. Opening and closing the tailgate, for example, couldn’t be easier thanks to automatic operation. You can create yet more space, too, with the 40:20:40-divisible rear seats. They can even be folded down directly from the luggage compartment using the optional remote backrest release. There’s a place for everything – for the everyday or your next adventure – in the new BMW 3 Series Gran Turismo.

A BIG IMPRESSION, WHATEVER DOOR YOU OPEN.

1 Part of the storage package Standard for 325i, 320i, 320i xDrive, 328i xDrive, 330i, 330i xDrive, 340i, 340i xDrive.
INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Maximum driving pleasure, minimum fuel consumption.

BMW CONNECTED DRIVE: Services & Apps and driver assistance systems.

CHASSIS: Innovative systems for more driving pleasure.

SAFETY: State-of-the-art technology.
Thanks to BMW TwinPower Turbo technology, the innovative BMW petrol and diesel engines from the BMW EfficientDynamics family deliver agile performance and excellent responsiveness even at minimal engine speeds. At the same time, fuel consumption and emissions remain exceptionally low. It's an overall combination that guarantees significantly more intense driving pleasure.

### BMW TwinPower Turbo engines.

At the heart of BMW EfficientDynamics.

Thanks to BMW TwinPower Turbo technology, the innovative BMW petrol and diesel engines from the BMW EfficientDynamics family deliver agile performance and excellent responsiveness even at minimal engine speeds. At the same time, fuel consumption and emissions remain exceptionally low. It's an overall combination that guarantees significantly more intense driving pleasure.

#### BMW 340i/340i xDrive
- BMW TwinPower Turbo in-line six-cylinder petrol engine with 240kW (326 hp) and 450Nm of torque
- Acceleration, 0–100km/h: 4.9 (xDrive: 5.0) s
- Top speed: 250 (250) km/h
- Fuel consumption, combined: 7.0–7.3 (xDrive: 7.4–7.7) l/100km
- CO₂ emissions, combined: 199–166 (xDrive: 169–172)g/km

#### BMW 335d xDrive
- BMW TwinPower Turbo in-line six-cylinder diesel engine with 230kW (313 hp) and 630Nm of torque
- Acceleration, 0–100km/h: 5.7 (xDrive: 5.4) s
- Top speed: 250 (250) km/h
- Fuel consumption, combined: 4.7–5.0 (xDrive: 4.5–4.8) l/100km
- CO₂ emissions, combined: 124–131 (xDrive: 122–127)g/km

#### BMW 320d/320d xDrive
- BMW TwinPower Turbo four-cylinder diesel engine with 140kW (190 hp) and 400Nm of torque
- Acceleration, 0–100km/h: 7.8 (xDrive: 7.7) s
- Top speed: 240 (240) km/h
- Fuel consumption, combined: 4.6–4.8 (xDrive: 4.3–4.6)l/100km
- CO₂ emissions, combined: 122–127 (xDrive: 120–125)g/km

#### BMW 318d
- BMW TwinPower Turbo four-cylinder diesel engine with 104kW (140 hp) and 320Nm of torque
- Acceleration, 0–100km/h: 9.9 (xDrive: 9.2) s
- Top speed: 215 (210) km/h
- Fuel consumption, combined: 4.5–4.7 (xDrive: 4.3–4.5) l/100km
- CO₂ emissions, combined: 117–123 (xDrive: 115–119)g/km

---

1 Fuel consumption and CO₂ emissions figures depend on the selected tyre format (respective higher figures refer to models with optional wheels). Further information on fuel consumption and CO₂ emissions can be found on pages 48 | 49 or consult your BMW partner.

2 Electronically restricted.

Quoted performance, fuel consumption and CO₂ emissions figures refer to vehicles with standard transmission. Figures in [ ] refer to vehicles with Steptronic transmission.
BMW EFFICIENTDYNAMICS
Less emissions. More driving pleasure.

BMW EfficientDynamics is the strategy developed by BMW to minimise fuel consumption and CO₂ emissions while simultaneously maximising dynamics and driving pleasure. It’s a comprehensive package of measures that includes the drivetrain, energy management and the overall vehicle concept – and is standard in every BMW.

AERODYNAMICS.
Every BMW boasts excellent air resistance figures, thanks to a range of aerodynamic elements that complement each other perfectly. This, in turn, has a positive effect on efficiency and fuel consumption. Features include a flat underbody and optimised wing mirrors.

DRIVETRAIN.
The new-generation BMW TwinPower Turbo petrol engines feature remarkably agile power delivery and excellent responsiveness, even at low engine speeds. At the same time they are more efficient, with fewer emissions and better performance than their predecessors.

The latest generation of BMW TwinPower Turbo diesel engines is characterised by outstanding responsiveness and agile power delivery at all engine speeds. They are also breathtakingly dynamic, fuel-efficient and produce few emissions.

OVERALL CONCEPT.
Intelligent lightweight construction at BMW means using the right material for the right parts of the vehicle. For every single component, the most suitable material is selected. This philosophy, also known as BMW EfficientLightweight, is now integral to BMW EfficientDynamics and applied to every BMW.

ENERGY MANAGEMENT.
The Route-ahead assistant¹ is a function included in the ECO PRO mode and it helps the driver to adopt an extremely efficient way of driving. In conjunction with the Navigation system Professional, it recognises speed limits, city limits, bends, roundabouts, turns and motorway exits along the chosen route and gives tips in advance about when to reduce speed.

Automatically extending at a speed of over 110 km/h, the Active rear spoiler lends added downforce on the rear axle, thereby improving stability at high speed. It retracts automatically once the speed goes back down to under 70 km/h. The driver can also manually extend/retract the Active rear spoiler via a button below the electric window controls on the driver’s door.

¹ The Route-ahead assistant is only available in conjunction with Navigation System Professional.
BMW ConnectedDrive
So connected, you’re free.

Our world is becoming more connected every day. BMW drivers, however, enjoy better connections than most. They can access information, communicate by telephone and email, keep a close eye on the traffic and generally stay up to date while on the move. The innovations that so effectively network BMW vehicles with the outside world are grouped under one term – BMW ConnectedDrive.1

The ConnectedDrive Services option provides the basis for a wide range of information, entertainment and service features while on the road.

They include BMW Online, which gives access to current, localised information such as weather and news as well as online searches powered by Google™ and various office functions. Using the Applications menu, you can combine an array of specific services and features such as webcams, fuel pricing, parking information and travel and hotel guides.

Secure and unlimited use of selected smartphone apps is included for an unlimited period. The ConnectedDrive Services option provides access to the BMW ConnectedDrive Store, where services and apps can be selected and extended according to individual needs at any time and from any place. The ConnectedDrive Services option also offers much more to make each journey in your BMW an enjoyable experience in every way.

BMW ConnectedDrive presents a wide range of intelligent services and assistance systems, allowing you to choose precisely what you need. BMW ConnectedDrive Services & Apps offer more freedom through versatile connections between the driver, vehicle and outside world. BMW ConnectedDrive Driver Assistance makes driving a BMW even safer and more comfortable. And intelligent systems make life easy for the driver and minimise the dangers of traffic.

The full-colour BMW Head-Up Display2 projects information relevant to the journey directly into the driver’s field of vision, thereby allowing them to fully concentrate on driving. The display includes information such as the current speed, navigation directions, Speed Limit Info incl. no-overtaking indicator, along with telephone and entertainment lists.

Preparation for Apple CarPlay® supports3, 4, 5 the convenient and secure wireless use of a compatible iPhone® in the vehicle. This allows smartphone content, along with functions such as music, Messages/text messages, telephony, Siri and selected third-party apps, to be displayed and operated in the regular manner via the vehicle’s user interface.

The Navigation system Professional6, including hands-free facility, USB interface, 8.8” LCD colour display and Radio BMW Professional with a DVD player, comes with a three-dimensional map display and 20 GB of memory. The system is operated intuitively via the Drive Touch Controller. Automatic map updates are available for three years without license fees.

Image shows features that are only available for the German market.

For further information on BMW ConnectedDrive, particularly regarding the duration of services and associated costs, please consult your BMW partner or visit www.bmw.com/ConnectedDrive_Information.

1 For further information on BMW ConnectedDrive, particularly regarding the duration of services and associated costs, please consult your BMW partner or visit www.bmw.com/ConnectedDrive_LearnMore.

2 Compatibility and functionality of the iPhone® with Apple CarPlay® is dependent on model year and installed software version.

3 ConnectedDrive Services, the Professional Navigation system and Convenience telephony with extended smartphone connectivity are required for use.

4 Compatibility and functionality of Apple CarPlay® is dependent on model year and installed software version.

5 Automatic map updates are available for three years without a licence charge from authorised BMW dealers. As part of BMW ConnectedDrive, the system automatically updates the maps in selected European countries up to four times a year for three years.

6 Expected to be available in the second half of 2016.
Innovation and technology
Chassis.
A solid foundation for superior driving dynamics.

The new BMW 3 Series Gran Turismo features a wide range of innovative technologies that enable you to enjoy every drive to the full. Many of these systems are intelligently linked. It’s this level of integration that delivers the best possible safety, together with maximum driving pleasure – on every road and every curve, every second.

The Automatic 8-speed Steptronic Sport transmission enables not only automatic gear selection but also manual shifting using either the gear lever or the gearshift paddles on the steering wheel. Anything is possible, from comfortable gliding to very dynamic driving with Launch Control activated if desired. In SPORT mode, the gear shifts are configured for maximum performance.

The Adaptive M suspension1 can be electronically adjusted at any time to suit the road and driving conditions. The driver can also adjust the suspension characteristics via the Driving Experience Control to enable their preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling.

The M Sport suspension2 is characterised by sport suspension settings, and on cars with rear-wheel drive, it includes a chassis lowered by around 10 millimetres. It features shorter suspension springs and tighter damper settings, as well as harder stabilisers. Together these result in even more direct settings that facilitate a particularly dynamic driving style.

The Variable sport steering with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning.

Servotronic supports steering by adjusting the power steering to suit the current speed and ensures an immediate and precise steering response at higher speeds. What’s more, it boosts steering support and therefore also comfort levels when steering at lower speeds, for example when parking or manoeuvring.

The intelligent BMW xDrive all-wheel drive system smoothly and variably distributes drive power to the front and rear wheels for maximum traction, driving dynamics and safety in every driving situation. For even better agility, the electronically controlled power distribution counterbalances over and under-steering on bends, among other things.

The rear-wheel drive ensures excellent unimpared steering precision due to the fact that the front axle is not affected by any form of torque steer with this type of drive. Furthermore, the dynamic axle load distribution associated with a Rear-wheel drive ensures great traction when accelerating from a standstill.

EIGHT-SPEED STEPTRONIC SPORT TRANSMISSION.
The automatic 8-speed Steptronic Sport transmission enables not only automatic gear selection but also manual shifting using either the gear lever or the gearshift paddles on the steering wheel. Anything is possible, from comfortable gliding to very dynamic driving with Launch Control activated if desired. In SPORT mode, the gear shifts are configured for maximum performance.

1 Lowering only available in conjunction with rear-wheel drive.
2 M Sport suspension only available in conjunction with rear-wheel drive.
Safety.
Unparalleled safety with the latest BMW technology.

The new BMW 3 Series Gran Turismo is equipped with cutting-edge technologies for every eventuality. Superb handling and innovative equipment come as standard. Drivers benefit from the very latest technologies that ensure optimal support at all times. You’ll feel safe and protected, no matter where your journey takes you.

Driving Assistant combines the Lane Departure Warning and Approach control warning systems. When travelling at speeds between 10 and 60 km/h, the Approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 70 km/h, the Lane Departure Warning draws the driver’s attention to an unintentional lane change by means of slight vibrations of the steering wheel.

Innovation and technology

Drivers benefit from the very latest technologies that ensure optimal support at all times. You’ll feel safe and protected, no matter where your journey takes you.

1 System’s function can be restricted at night and in fog.

DRIVING ASSISTANT.

Driving Assistant combines the Lane Departure Warning and Approach control warning systems. When travelling at speeds between 10 and 60 km/h, the Approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approx. 70 km/h, the Lane Departure Warning draws the driver’s attention to an unintentional lane change by means of slight vibrations of the steering wheel.

The Dynamic Stability Control (DSC) with extended functionality stabilises the vehicle as soon as any skidding motion is detected.

The Adaptive LED headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.

The Airbags for the driver and front passenger, as well as side airbags integrated into the front seat backrests provide strategic protection in the event of a crash.

Intelligent emergency call automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.

The Dynamic Stability Control (DSC) with extended functionality stabilises the vehicle as soon as any skidding motion is detected.

The Adaptive LED headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.

The Airbags for the driver and front passenger, as well as side airbags integrated into the front seat backrests provide strategic protection in the event of a crash.

Intelligent emergency call automatically establishes a connection with the nearest rescue coordination centre through the BMW call centre whenever needed – without the use of a mobile phone.

Lane Change Warning alerts the driver to vehicles in the blind spot as well as vehicles in the neighbouring lane by means of a visual signal and vibration in the steering wheel.

Person warning with light city braking function notifies drivers of potential collisions with pedestrians and even brakes automatically in emergency situations.
INDIVIDUALITY AND CHOICE.

EQUIPMENT: BMW models, equipment highlights, wheels and tyres as well as Original BMW Accessories.

COLOURS: Exterior and interior colour schemes.

TECHNICAL DATA: vehicle weight, engine, transmission, driving performance, consumption, wheels and technical drawings.

BMW SERVICES: BMW Service, BMW Financial Services and BMW Experience.
A perfect companion, the new BMW 3 Series Gran Turismo offers a wide range of standard equipment right off the line. Here’s a selection of features.

**BASIC.**

A selection of base model equipment:
- 17” light alloy wheels
- LED headlights
- LED foglights
- Leather steering wheel
- Multifunction leather steering wheel
- Armrest, front, sliding
- BMW Professional Radio
- Automatic tailgate operation
- Through-loading system, 40:20:40

**01** The BMW 320i in the optional Mineral White metallic exterior colour, shown here with optional 18” light alloy wheels V-Spoke style 658.

**02** The standard LED headlights provide optimal illumination while simultaneously reducing energy consumption.

**03** 17” light alloy wheels Star-spoke style 394, 8J x 17 with 225/55 R17 tyres.

**04** Standard seats, shown here in Anthracite Move cloth, and the Satin Silver matte interior trim.

**05** Standard seats, shown here in Anthracite Move cloth, and the Satin Silver matte interior trim.

**06** High-quality materials and perfectly focused driver-orientation exemplify the combination of sportiness and functionality in the new BMW 3 Series Gran Turismo.
LUXURY LINE.

Model Luxury Line interior equipment:
- Door sill finishers in aluminium with “BMW” designation
- Seats in Leather Dakota Saddle Brown with extended trims in Brown and Brown highlights; other upholsteries available
- Heated seats
- Sport leather steering wheel
- Car key with Pearl Chrome detailing
- Air conditioning and radio control unit and centre console with Pearl Chrome detailing
- Interior trim finishers in Fine-wood trim ‘Fineline’ Anthracite with accent in Pearl Chrome or Interior trim finishers in Fine-wood trim burled walnut with accent in Pearl Chrome, the exclusive accent continues on the doors and in the rear; other trims available
- Orange or white variable Ambient light
- B-pillar illumination
- Lights package
- 2-zone Automatic air conditioning with extended features

Model Luxury Line exterior equipment:
- BMW kidney grille with eleven exclusively designed vertical slats with front sides in Chrome high-gloss
- Front bumper with specific design elements in Chrome high-gloss
- 18" light alloy wheels Multi-spoke style 416, alternatively
- 19" light alloy wheels Multi-spoke style 674 with mixed tyres, other wheels available
- “Luxury Line” designation on the side
- Air Breather in Chrome high-gloss, alternatively in body colour
- Side window frames and window recess finisher in Chrome high-gloss
- Rear bumper with specific design elements in Chrome high-gloss
- Tailpipe trim strip in Chrome high-gloss

Optional and standard equipment vary according to country.

The BMW 330i in the optional Jatoba metallic exterior colour with optional 19" light alloy wheels Multi-spoke style 674 and mixed tyres.

The automatic air conditioning with two-zone control and automatic temperature control features separate controls for the driver and front passenger. It also includes Automatic Air Recirculation (AAR), an active carbon filter, a top and solar sensor, as well as rear air vents.

Side “Luxury Line” designation.
The standard Sport seats, shown here in the optional Oyster Dakota leather, provide outstanding lateral hold thanks to wider side bolsters with electric adjustment. The optional Ash Grain fine-wood interior trim with metal inlay and the Pearl Chrome highlight underscore the dynamics of the interior design. The Sport leather steering wheel convinces with its satisfying grip.

Model Sport Line interior equipment:
- Door sill finishers in aluminium with “BMW” designation
- Sport seats in Cloth ‘Corner’ Anthracite with Red or Grey accent, alternatively Sport seats in Leather Dakota Black with Red accent; other upholtstries available
- Car key with Red detailing
- Instrument cluster with speedometer and revolution counter with chronoscaling and red contrast ring
- Air conditioning and radio control unit with chrome detailing
- Interior trim finishers in Black high-gloss with accent in Coral Red matt or Interior trim finishers in Aluminium, finely brushed lengthwise with accent in Black high-gloss; the exclusive accent continues on the doors and in the rear, other trims available
- Orange or white variable Ambient light
- Driving Experience Control with additional SPORT+ mode
- Lights package
- 2-zone Automatic air conditioning with extended features

Model Sport Line exterior equipment:
- BMW kidney grille with nine exclusively designed vertical slats with front sides in Black high-gloss
- Front bumper with specific design elements in an Aluminium look and in Black high-gloss
- 19” light alloy wheels Double-spoke style 397 in Bicolour Ferric Grey, alternatively 19” light alloy wheels Double-spoke style 673 with mixed tyres; other wheels available
- ”Sport Line” designation on the side
- Mirror caps in body colour, alternatively in Black high-gloss
- Air Breather in Black high-gloss, alternatively in body colour
- Side window surrounds and window recess finisher in Black matt
- Rear bumper with specific design elements in Black high-gloss
- Tailpipe trim strip in Black, chrome-plated

Optional and standard equipment vary according to country.
M SPORT PACKAGE.

**M Sport package interior equipment:**
- M door sill finishers, M driver footrest
- Sport seats for driver and front passenger in Cloth/Alcantara combination ‘Hexagon’ Anthracite with M stitching and Blue accent, alternatively
- Sport seats for driver and front passenger in Leather ‘Dakota’ Saddle Brown, other upholstery available
- M Leather steering wheel with multifunction buttons
- BMW Individual headliner Anthracite
- Instrument cluster with speedometer and revolution counter with chronoscaling and red contrast ring
- Air conditioning and radio control unit with chrome detailing
- Interior trim finishers in Aluminium Hexagon with Blue matt accent or Black accent, the exclusive accent continues on the doors and in the rear; other trims available
- Shortened gear lever with M designation 1
- Driving Experience Control with additional SPORT+ mode
- Orange or white variable Ambient light
- Car key with Blue detailing

**M Sport package exterior equipment:**
- M Aerodynamics package with front apron, side skirts and rear apron with diffuser insert in Dark Shadow metallic
- BMW kidney grille with nine exclusively designed vertical slats in Black high-gloss
- LED fog lights
- 18” M light alloy wheels Star-spoke style 400 M with mixed tyres, alternatively 19” M light alloy wheels Double-spoke style 598 M with mixed tyres; other wheels available
- M Sport suspension 2; alternatively Standard running gear or Adaptive M suspension 3
- M Sport brake
- BMW Individual high-gloss Shadow Line
- M designation on the sides
- Exterior mirror caps in body colour
- Tailpipe trim strip in Chrome high-gloss
- Exclusive paintwork in Estoril Blue metallic; other paintworks available
- Air Breather in Black high-gloss

1. Shortened shift lever only in conjunction with manual transmission.
2. M Sport suspension not available in conjunction with xDrive.
3. Lowered suspension not available in combination with xDrive.
4. Number and design of the tailpipes dependent on engine.
5. Optional and standard equipment vary according to country.

The Sport seats in Black Dakota leather with contrast stitching in Blue underscore the powerfully dynamic character of the BMW 3 Series Gran Turismo in the interior.

The standard M leather steering wheel with its more pronounced thumbrests is a pleasure to hold. The M footrest, the chrome applications and the Aluminium Hexagon trim with its matt Blue highlight further accentuate the sporty character of the BMW 3 Series Gran Turismo interior.

The BMW 340i in the optional exterior colour Estoril Blue metallic exclusive to M Sport models. Also featuring 19” Double-spoke style 598 M wheels in Bicolour Orbit Grey with mixed tyres.

BMW Individual headliner Anthracite: the headliner and the trims on the vehicle’s pillars and sun visors feature Anthracite cloth.

M Aerodynamics package with larger air inlets, unique side skirts and a rear apron with a diffuser insert in Dark Shadow metallic.

**Optional equipment**

- 18” M light alloy wheels Star-spoke style 400 M with mixed tyres, front 8J x 18 with 225/50 R18 tyres, rear 9J x 18 with 255/45 R18 tyres.
- 19” M light alloy wheels Double-spoke style 598 M with mixed tyres Bicolour Orbit Grey (gloss-lathed), wheel size 8J x 19 front with 225/45 R19 tyres, wheel size 9J x 19 rear with 255/40 R19 tyres.
The rear lights with lighting elements in full LED technology with their characteristic “L” shape, make the car instantly recognizable as a BMW, even in the dark.

Interior and driver-side exterior mirrors with automatic anti-dazzle function, including fold-in function for the exterior mirrors and automatic parking function for the front passenger exterior mirror.

The Adaptive LED headlights produce a light colour very similar to daylight and adjust their light distribution automatically according to speed and steering angle.

The Rain sensor including automatic headlight activation automatically activates the windscreen wipers and the low-beam headlights.

Tailpipe, visible, twin round, with chrome trim. Shown here with optional trailer tow hitch.

The Panorama glass roof with electrically adjustable sunshade not only ensures that both the front and rear have an abundance of light, but also comes with a slide and lift function.

The Comfort access system allows passengers to enter the car without having to actively use the car key.

The Visibility of the BMW Head-Up Display is limited by polarised sunglasses. Functionality shown is dependent on equipment. Further optional equipment is required for additional on-screen functions.

The WLAN Hotspot in the vehicle enables use of the internet with maximum LTE connectivity. Use incurs charges.

Optional and standard equipment vary according to country.
The Parking assistant makes parking parallel and perpendicular to the road easier. It does the steering while the driver remains in control of the accelerator, brake and gears.

ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for integrating selected smartphone apps.

Surround View is a visual parking aid with the camera-based functions Top View, Side View and Rear view camera.

Preparation for Apple CarPlay® supports the convenient and secure wireless use of an iPhone® via the vehicle’s user interface.

Speed Limit Info including the No-overtaking indicator displays speed limits and provides information on no-overtaking zones.

Active cruise control with Stop&Go function maintains a preselected speed, as well as the distance to the driver ahead.

The Rear view camera shows the area behind the vehicle on the Control Display. Interactive track lines and obstacle markings also help the driver when reversing.

Active Protection warns the driver if it detects signs of tiredness, intervenes in critical situations and brakes the car to a standstill after an accident.

The Storage compartment package includes items such as practical additional compartments, luggage compartment lashing rails, a storage tray and an additional 12V power socket.

The Comfort access system allows passengers to enter the car without having to actively use the car key. When the key is on their person, they just have to touch the door handle or tailgate button. Thanks to the Smart Opener and Smart Close functions, the tailgate can also be opened and closed by merely waving one’s foot under the rear bumper.

Remote backrest unlocking for the rear seats allows the rear seat backsrests to be unlocked and folded down conveniently via a button in the luggage compartments.

The Through-loading system with rear seat backrests, which are divisible in a 40:20:40 ratio, guarantees flexibility when transporting people and objects.

Folding headrests for the three rear seats give the driver a better view through the rear window.

Harman Kardon surround sound system with 600 watt digital amplifier, vehicle-specific equalising and loudspeakers with chrome detailing.

Storage options in the front and rear doors, an open compartment under the centre armrest in the front and in the rear centre console, two cupholders in both the front and rear, along with a storage tray and glove compartment.

* Only available in conjunction with Driver Assistance.
* ConnectedDrive Services, the Professional Navigation system and Convenience telephony with extended smartphone connectivity are required for use.
* Compatibility and functionality of the iPhone® with Apple CarPlay® is dependent on model year and installed software version.
* ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for integrating selected smartphone apps.
* Expected to be available in the second half of 2016.
* Optional and standard equipment vary according to country.

When the key is on their person, they just have to touch the door handle or tailgate button. Thanks to the Smart Opener and Smart Close functions, the tailgate can also be opened and closed by merely waving one’s foot under the rear bumper. |
| 11 | Remote backrest unlocking for the rear seats allows the rear seat backsrests to be unlocked and folded down conveniently via a button in the luggage compartments. |
| 12 | The Through-loading system with rear seat backrests, which are divisible in a 40:20:40 ratio, guarantees flexibility when transporting people and objects. |
| 13 | Folding headrests for the three rear seats give the driver a better view through the rear window. |
| 14 | Harman Kardon surround sound system with 600 watt digital amplifier, vehicle-specific equalising and loudspeakers with chrome detailing. |
| 15 | Storage options in the front and rear doors, an open compartment under the centre armrest in the front and in the rear centre console, two cupholders in both the front and rear, along with a storage tray and glove compartment. |
42 WHEELS AND TYRES.

[01] 17" light alloy wheels Star-spoke style 394, 8J x 17 with 225/55 R17 tyres.

Colours

The colours printed above are intended to provide you with a first impression of paints and materials available for your BMW. Experience has shown, however, that printed images of paint, upholstery and interior trim cannot faithfully reproduce the actual appearance of the originals. We recommend therefore that you contact your BMW partner who will be able to show you original samples and assist with special requests.

WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the Condition Based Service independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it’s really necessary. When you do go, our qualified BMW service specialists take care of your vehicle using the newest workshop technology and only original BMW parts. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

BMW SERVICE.

BMW Service Packages*: Individual and stress-free, just for you. Individual, well-thought-out servicing solutions carefully tailored to you and your vehicle. With one-off, predictable costs, BMW Service Packages give you complete peace of mind, so you can enjoy owning a BMW to the very fullest. Whether it’s fresh from the showroom or already well-navigated – there’s a BMW Service Package for every phase of your vehicle’s life. All bringing you maximum quality, expertise and value retention, always at reasonable, transparent rates. And always carefully tailored to you and your BMW. Find out just how stress-free truly individual service can be! www.bmw.com/serviceinclusive

BMW Mobile Service*: This service is there for you day and night. As soon as you call, we spring into action, and take care of everything that may need doing after an accident or breakdown, with specially trained technicians working – on site or via telephone – to get your car back on the road. We offer comprehensive, country-specific mobility packages for breakdowns, and insurance that covers you in the event of an accident or theft. So if anything untoward does happen, simply call up the BMW accident hotline and we’ll go to work. We’ll take care of calling the emergency services, a tow truck, a replacement car, notifying your insurance company, and much more. For further information please visit www.bmw.com

BMW TV*: This enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and Lifestyle topics.

BMW TeleServices*: With Condition Based Service, you’ll be automatically reminded of your next necessary service appointment on the vehicle screen. Provided you’ve consented, key vehicle data will be related to BMW automatically for analysis. Your assigned BMW services partner will access the information and contact you free of charge to make an appointment as and when necessary. To access BMW Teleservices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. The service can be deactivated at any time you so desire, and you can change your service partner in the Drive menu or ConnectedDrive portal. Find out more at www.bmw.com/teleservices

BMW FINANCIAL SERVICE.

BMW Financial Services*: Mobility solutions to meet your needs. BMW Financial Services provides you with attractive leasing, finance and insurance options. To find out more, see the price list or go to www.bmwfds.com. Your BMW partner will also be glad to draw up an individual offer for you in person.

THE BMW EXPERIENCE.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car’s physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit www.bmwdrivingexperience.com

BMW Welt: Picking up a car at BMW Welt has always ranked among the best moments for any driver. Turn this moment into one whole unforgettable day – experience the handover of your new BMW as just one part of a programme of activities perfectly tailored to your interests. At BMW Welt, the BMW Group plant, the BMW Museum, the BMW Group headquarters and the BMW Group Classic all combine to provide you with a great experience of an exciting history, a breathtaking present – and spectacular visions for the future. Find out more at www.bmw-welt.com/en

BMW Magazine: In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations, and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at www.bmw.com/magazine

BMW Mobile Service, BMW TeleServices: May not be available in all countries. Please consult your BMW partner.

In 2015, the BMW Group was once more listed in the Dow Jones Sustainability Index as the most sustainable automotive company worldwide. This makes BMW Group the only company in the automotive industry to be listed without interruption since the index was established. The development of efficient vehicle concepts and environmentally friendly production processes, including recycling, is an integral part of our philosophy. BMW EfficientDynamics and electric vehicles have enabled us to cut CO₂ emissions from our European new-vehicle fleet by more than 40% since 1995. We have also reduced the amount of resources used in production, such as water and energy, by 34% between 2006 and 2015, with a reduction to 45% of previous levels aimed at for 2020. In terms of other resources (such as volatile organic compounds, process wastewater and waste) our 45%-target was met in 2014, and we will continue to work on further improvement. Production at our engine plant in Steyr has been waste-water free since 2007. And of course, at the end of its service life, every one of our vehicles can be easily and economically recycled. To return your end-of-life vehicle, please contact your BMW partner. For more information on this issue please visit our website.
